

UNIVERSITY CENTER

Dear Residents,

As you may have experienced, we have recently experienced delays in our trash collection service.

We are continuing to work with our trash vendor partner to ensure pickup times are met in the future.

In the meantime, we are calling on our residents to follow the guidelines set forth in our Trash & Recycling policy.

Please remember these very important parts of the policy

- Trash should not be set at the curb in bags
- Trash & Recycling must be placed in a bin, affixed with a lid
- Trash & Recycling should be set at the curb no earlier than dusk on the day prior to trash day

As you can see from the pictures below, we continue to have problems with these areas.

Please do your part to help keep our community clean & safe!
